

CONVINCING

The advantages of Quotrix at a glance

- → Free of charge: no additional transaction fee or brokerage fee from the exchange.
- Direct on-exchange trading with binding quotes and limit order protection
- ✓ Modern order types with all common limits (e.g. trailing stop loss)
- ☐ Trading of >30,000 international securities (shares, bonds, funds, ETPs)
- → Reference market guarantees (e.g. shares at least at the Xetra price, often better)
- → Full execution of orders with high guarantee volumes
- ✓ Long trading hours from 8 am to 10 pm* and free real-time quotes (*bonds until 8 pm)
- ✓ Investor protection through Trading Surveillance Office and rules & regulations

COMPETENT

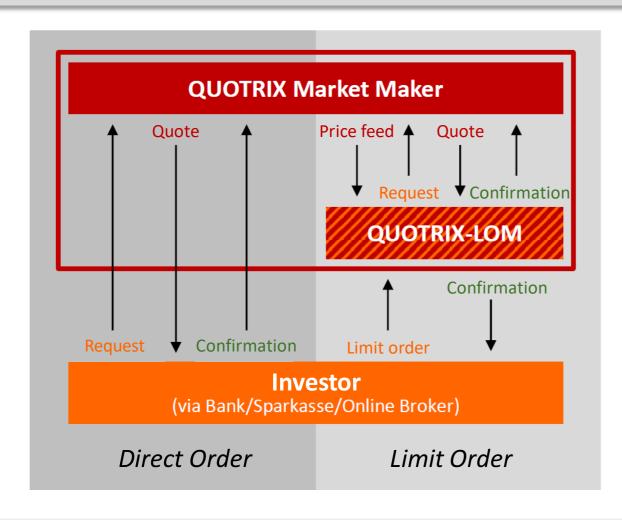

- → Quotrix launched in 2001 as the first exchange-based market maker system in Germany
- → Operated by Duesseldorf Stock Exchange including a neutral trading surveillance office
- ✓ Since 2017, ICF BANK is market maker for the approximately 28,000 securities (>7,800 equities, >16,000 bonds, >2,700 mutual funds, >2,600 ETPs)
- → Around 130 crypto products the largest selection of all German stock exchanges
- Quotrix ranks among the top trading venues by volume in Germany
- Excellent price quality and multiple winner in best execution evaluations
- ✓ Expansion of trading spectrum to include foreign currency bonds; increasing relevance for regular savings plan and reinvestment orders

INDIVIDUAL

All modern limit order types on offer

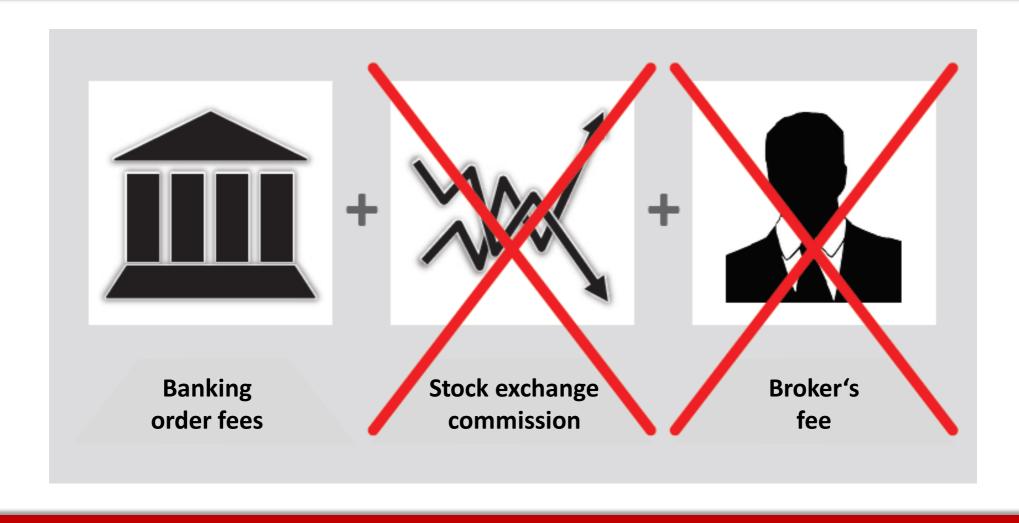

- → Direct trade (fast quote-request procedure)
- Limit order (protected limit order management)
- Stop Buy / Stop Loss
- MarketStop Buy / Stop Loss Limit
- Trailing Stop Loss
- One Cancels the Other
